Color Confidence for Quilters

Do you rely on kits and pre-cut packs for your color choices?

Want to know how to get that "just right" combination of fabrics in your next project?

I offer interactive & entertaining sessions designed to empower those who love fabric. You will better understand the science of color and experience "aha" moments that help you trust your intuition. I am certified in this curriculum by Shannon Brinkley, internationally known author, teacher, and speaker.

Let me help your guild, group, community, or customers grow their color chops!

Review pricing and topics on the reverse.

Email me for more information and to schedule a date.

We will have fun and gain new skills that lead to Color Confidence for Quilters!

Pricing

- 45-60 minutes: \$300 (in-person or virtual). We explore the art & science of color, harmony & contrast, and value--through discussion and a trunk show.
- Full-day workshop: \$700 (best experienced in person).
